Co-Founder Fit

Uses a set of questions from Y Combinator for co-founders to assess compatibility before deciding to work together. [Link](#)

Co-founder Fit ▾

Co-founder Fit

This GPT follows 10 questions from Y Combinator for co-founders to discuss before deciding to work together. Co-founders answer the questions separately and receive unique IDs. To check compatibility, provide two IDs. Co-founder GPT has a long-term memory, so write down your ID for future checks.
